

Elyse Fineman, MPH, MHA is the Executive Director of the Illinois Society for the Prevention of Blindness and the Illinois State Director of Prevent Blindness, two distinct 501(C)3 organizations. Elyse engages allied interests and statewide leadership to accomplish the mission of preventing blindness and preserving sight in Illinois. She also administers all Illinois programmatic and outreach activities under Prevent Blindness. Elyse is responsible for directing all ISPB management, administrative and board activities, including fundraising and the oversight and distribution of research and low vision equipment grants. She has almost 30 years of non-profit program experience with extensive work in administration, grant review and writing; event planning; corporate, foundation and individual fundraising; project planning; management; evaluation; and health education.
